ON HER MAIDEN TRIP

Lusitania Nearly Equals Best
Transatlantic Record.

DID ALL THEY EXPECTED

Officials of the Cunard Line Pleased
With the Vessel's Performance.
Claim That She Will Prove to Be
the Swiftest Liner Afloat.

New York, Sept. 14.—A few days ago there was a local celebration of the 100th anniversary of the occasion when Robert Fulton's 130-foot steamer Clermont went puffing up the Hudson river at five miles an hour. Friday New Yorkers turned out to welcome a steam craft, the passengers of which breakfasted in Queenstown, Ireland, Sunday, and lunched in New York Friday. Both experiments, equally successful, were epoch-making in the way of propulsive power—the Clermont with her side paddles and the Lusitania with her quadruple turbines.

The voyage of the Lusitania was important in that it was a test of the most modern propulsive power. It is the view taken by her owners, who are satisfied that the practicability of the turbine for fast vessels has been demonstrated and that this new departure in English shipbuilding has been justified.

The fact that the Lusitania was able to cross the Atlantic in 5 days and 54 minutes and was able on her maiden trip nearly to equal the best transatlantic record is held of secondary importance. Officials of the line said that the Lusitania had done all that was expected of her without her having been pushed to make a record and they were confident that she would be able when called upon to make the fastest voyage across the Atlantic.

Constructed for Moderate Speed.

Hitherto, it was pointed out, turbines have been constructed for moderate speed, but on the Lusitania and her sister ship, the Mauretania, built with the greatest government subsidy ever paid, was staked the British hope that turbine-driven vessels would prove not only the most comfortable, but the swiftest liners afloat.

Ernest Cunard, a director of the line, who was a passenger on the Lusitania, said:

"I came over to watch the working of the ship in order to see if we could improve the Mauretania, now nearing completion. I find that I shall have no suggestions to make."

From the time that the Lusitania sailed from Queenstown at noon Sunday until she came through the new Ambrose channel and reached her new pier at noon Friday, the steamer behaved excellently. Chief Engineer Duncan said:

"The engines did beautifully, making the trip without a hitch. We will surely make an average of 25 knots soon. Her coal consumption was not excessive."

The proudest man aboard, of course, was the man on the bridge, Captain J. B. Watt. He said:

"She is the fastest ship yet built. We did not try to press her on this

trip because her machinery is new and it might endanger her. We passed through enough rough weather to prove that she is a good sea boat. She did well; better than we expected. I understand that some passengers were disappointed because we did not make a record. We don't want to be laggards, but on the other hand we did not wish to endanger our ship and her passengers by attempting sensational speed."

LUSITANIA'S PERFORMANCE

Two Views of the Vessel's Feat Held in England.

London, Sept. 14.—There are apparently two views here of the performance of the Cunard line steamer Lusitania; that she broke the record for the quickest passage from land to land, and that she made the most speedy maiden voyage across the Atlantic. These views caused great popular rejoicing, which is voiced by almost all the morning papers. That the Lusitania failed to achieve what, despite all official denials, it is believed she set out to accomplish seems to cause chagrin in some quarters represented by the belief of one important newspaper, that to call attention to the great passage of the Lusitania does not explain away her defeat.

The optimists, however, declare it may be taken for granted that the blue ribbon of the Atlantic is practically in Great Britain's grasp again; that the Deutschland had been running nearly a year before she achieved her best; that the Lusitania had to combat fog; that it may confidently be expected that she will lower the Kaiser Wilhelm II's record for fast steaming and the Deutschland's for the best day's run before the end of the year, and that against obviously unfavorable conditions in which the new liner did not put forth anything like her full capabilities, she has shown herself the swiftest as well as the most comfortable vessel afloat.

ORIENTAL LABOR QUESTION

Special Government Officer Will Deal With It at Vancouver.

Ottawa, Ont., Sept. 14.—A special government officer will leave Ottawa today for Vancouver to deal with the Oriental labor question.

A telegram dated Sept. 11, delayed in transmission but received by Sir Wilfrid Laurier Friday, asks that 900 Hindus arriving on the steamer Montague be housed in the drill hall at the Dominion government's expense.

The premier Friday sent the following reply to Mayor Bethune of Vancouver:

"I have your telegram asking permission to house in drill shed at government's expense 900 Hindus landed yesterday. I would understand from such request that these Hindus are paupers, therefore liable to deportation. Minister of Interior will send special officer to deal with the question."

IOWA DOCTORS INDICTED.

Accused of Violating Anti-Trust Law by Raising Fees.

Dubuque, Ia., Sept. 14.—The grand jury of Bremer county has returned indictments against fourteen physicians for violation of the state anti-trust law, the medical society having raised fees some time ago.

OF INCENDIARY ORIGIN

Fire Destroys Business Section of Kensal, N. D.

PROPERTY LOSS IS HEAVY

Buildings Valued at About One Hundred and Fifty Thousand Dollars Burned—Residence District Saved After a Hard Fight.

Valley City, N. D., Sept. 14.—Fire which the townspeople declare was set deliberately and maliciously, destroyed all the business section of Kensal Friday morning, with the exception of the hardware and implement store. The damage is estimated at not less than \$150,000, and the insurance will not exceed \$100,000, most of this having been on stock contained in the various structures.

It was about half an hour after midnight when the fire was discovered in the rear of the Farmers' Mercantile company building. An alarm was immediately turned in, but the flames spread with intense rapidity in every direction and it quickly became apparent that the local fire department could do practically nothing in coping with them.

Telephone messages for assistance were sent to Courtney and as soon as possible the fire department from that place arrived and joined in the fight. The men were obliged to do much of their work within range of the walls, which every moment seemed likely to crash down on the fire fighters, but the departments stuck to their posts and only the most strenuous efforts kept the blaze from being communicated to residences.

Among the buildings destroyed was the Central hotel, the guests of which were forced to rush out with very little opportunity of saving more than their clothing, so fierce was the spread of the fire. The other main buildings destroyed were the Farmers' Mercantile company store, in which the fire was first started; the Peterson hardware store, the Holmes drugstore, Evans' harness shop and the Stinson dry goods establishment.

Insurance was carried on the stock in nearly all of the places burned, but the loss on the buildings will be heavy. It is claimed that the rapidly with which the flames gained headway in all directions from their starting point is evidence that the fire was not due to an accident, and the authorities will make an investigation on the theory that the torch was deliberately applied.

RAISULI IS AMBITIOUS.

Wants to Be Made Governor of the Hill Tribes.

London, Sept. 14.—"Raisuli no longer asks for British or other protection in return for the release of Caid Sir Harry MacLean, the Englishman who has been his prisoner since early in July," telegraphs the Tangier correspondent of the Daily Mail. "He is more ambitious and is demanding that he be made governor of the Hill tribes inhabiting a great part of Northern Morocco. Furthermore, he seeks compensation for a multitude of flocks and herds which he alleges have been taken from himself and his relatives, insists that some of his former friends be put in chains and wants to be supplied with magazine rifles and ammunition."

"Sir Harry MacLean," the correspondent continues, "is well. He now has his own tent, bed and servants."

RINGLEADERS ARRESTED.

French Authorities Attempt to Suppress Incipient Rebellion.

Lalla Marina, Algeria, Sept. 14.—With the object of repressing at once all incipient rebellion in Western Morocco near the Algerian frontier, the French authorities at Oudja have arrested the former and present sheikhs of Oudja and two other ringleaders in the agitation to foment anti-French feeling. The four Moors arrived here Friday in chains and will be handed over to two caids for conveyance to Tangier.

DYNAMITE PLACED IN GRAIN

Five Men of a Threshing Crew Hurt in Wisconsin.

Chippewa Falls, Wis., Sept. 14.—An explosion of dynamite injured five men and wrecked a threshing machine on the farm of Peter Peterson near here. Investigation developed the fact that sticks of dynamite had been placed in several bundles of grain. The miscreant has not been located.

Six Persons Injured.

Pomeroy, O., Sept. 14.—An ocean wave swing, carrying 100 persons, broke down at the Meigs county fair and six persons were injured, three seriously. The swing was going at full speed when the interior of the swing collapsed and its passengers were tossed about in the wreckage.

Our New Coats Are Now In

The completeness of the assortment relates to ladies', misses' and children's coats and the prices are unusually reasonable. You will find our prices much lower than ever. Come in and allow us to acquaint you with the line.

"MICHAEL'S"

"MICHAEL'S"

SECURED NO PLUNDER.

Attempt to Rob a Bank at Waconia, Minn., Fails.

Minneapolis, Sept. 14.—With the male population of Waconia chasing them, two men seen through a window while preparing to blow the bank safe of the Farmers' State bank made their escape.

Waconia is a small town on the Minneapolis and St. Louis railway at the further edge of Lake Minnetonka. The village marshal, Michael Zahler, in passing the bank saw the men at work on the safe and ran to awaken the cashier, F. J. Zefferty, and while the cashier was dressing the marshal rang the fire bell.

The people responded en masse, armed with shotguns, revolvers and pitchforks. The robbers were alarmed by the bell and were seen by the citizens running toward the railway station. The citizens fired at them and one robber acted as though he was wounded and made his way among the buildings along the track. The other jumped into a waiting carriage and was rapidly driven by a confederate toward Minneapolis.

No trace has been found of either those in the buggy or the wounded one. The men secured no plunder.

Idaho Town Burning.

Boise, Ida., Sept. 14.—Glens Ferry, a freight division town of 1,500 inhabitants on the Oregon Short Line east of here, is burning. It is reported there is no hope of saving the business section.

MINES WILL NOT BE CLOSED

But the Production of Copper Will Be Curtailed.

Butte, Mont., Sept. 14.—The mines of the Amalgamated Copper company will not be closed because of the glut of the copper market. General Superintendent John Gillis in a statement in the Inter-Mountain says that while work will be abandoned on Sunday hereafter, there will be no general close down.

Developments and exploitation will be stopped for the present, however, and production curtailed until it falls to about 8,000,000 pounds per month. It is now about 20,000,000 pounds per month.

This will give many who do not feel able to attend a \$1.50 show to hear one on a \$1 scale and should stimulate gallery and balcony sales.

FOR THE AMERICA'S CUP.

Sir Thomas Lipton Has Issued Another Challenge.

London, Sept. 14.—Sir Thomas Lipton has admitted that the Royal Irish Yacht club was challenging in his behalf and that a cable dispatch would be sent to the New York Yacht club from Dublin advising the Americans that a challenge for the America's cup would be forwarded on the Umbria, which will touch at Queenstown Sunday. But he declined to discuss the matter in its present stage, preferring to wait until his challenge has been accepted.

From other sources it was learned that Lipton will be asked to design the challenger, if he is not already at work on the model of Shamrock IV., for that is to be the new yacht's name. The builders of the challenger have not been selected so far as can be learned, but it is probable that Sir Thomas, in his own mind at least, has chosen the men who are to build the yacht and has an understanding with them. He is credited with saying that if he does not win this time he will believe it impossible to bring the cup back.

The latest challenger, like the three previous Shamrocks, will have to be sailed across the Atlantic, but it is understood she will be so built that the handicap on this account will not be so great as in former years. It is reported that Sir Thomas intends to send two yachts across and after trying them over the Sandy Hook course he will enter the better in the races for the America's cup. This, however, cannot be done without the consent of the New York Yacht club.

New York Club Notified.

New York, Sept. 14.—The New York Yacht club has received a cablegram from the Royal Irish Yacht club at Dublin that the challenge of Sir Thomas Lipton for the America's cup, made in the name of the Royal Irish Yacht club, was mailed at Dublin Friday.

PLAGUE AT SAN FRANCISCO

President of Board of Health Says There Is No Cause for Alarm.

San Francisco, Sept. 14.—The following official announcement was made by the president of the board of health concerning the local plague situation:

"Rumors of an alarming nature having reached the board of health in regard to the so-called bubonic plague, the president of the board by its authority hereby declares that there exists at present in San Francisco nothing that need cause any alarm, much less the quarantining of the city, and that there is no intention to make such quarantine. So far there have been detected but twenty-four verified cases of the disease since May 27. Every precaution is being taken by the federal authorities in co-operation with the state and city boards to stamp out the disease. It is well to bear in mind that bubonic plague seldom becomes epidemic except in the tropics."

"Does dentists go to heaven, Willie?" "Sure. They let 'em in so's they kin put gold crowns on the angels."—Denver Post.

JERRY M. GLUNT IS SURPRISED

Presented With Solid Gold Grand Army Badge at Staples Yesterday Afternoon

IT WAS HIS 63RD BIRTHDAY

He Went to Make Presentation Speech at Celebration in Honor of a Comrade

Jermiah M. Glunt, yardmaster at this point and for many years prominent in G. A. R. circles at Staples, was the victim of a very pleasant surprise in that city yesterday afternoon. Mr. Glunt accompanied by Mrs. Glunt had gone to Staples to attend the celebration of the birthday of Comrade James Connors, whose birthday fell on that day and who is 87 years of age and bedridden. After the presentation of a present to him, which was made by Mr. Glunt, the boys proposed a ride and after driving around town a little drove up to the home of Comrade Underwood. Scarcely had they entered than they circled around Past Commander Glunt and one of the comrades presented him with a solid gold Grand Army badge of regulation size. It is certainly a beauty and Jerry is justly proud of it.

Proceedings in Bankruptcy

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the matter of Thomas Farrington Salisbury, Bankrupt, in Bankruptcy.

To the Honorable Judge Morris, Judge of the District Court of the United States for the District of Minnesota: Thos. Farrington Salisbury, of Pelican township, in the County of Crow Wing, and State of Minnesota in said district, respectfully represents that on the 26th day of June, 1907, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts are excepted by law from such discharge.

Dated this 17th day of August 1907.

THOMAS FARRINGTON SALISBURY,
Post Office Pequot, Minn.

United States District Court, District of Minnesota, Fifth Division.

On the 10th day of September, A. D. 1907, on reading the foregoing petition it is Ordered by the court that a hearing be had upon the same on the 12th day of October, A. D. 1907, before the court, at Duluth, in said district, at ten o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

Witness the Honorable Page Morris, Judge of the said court, and the seal thereof at Duluth, in said district, on the 10th day of September, A. D. 1907.

Minneapolis Man Killed.

Minneapolis, Sept. 14.—John Eberhardtson, a young engineer on the Milwaukee road, lost his life in an accident at Lennox and Dartmouth streets and the Milwaukee tracks in Southeast Minneapolis when his engine crashed into a long freight train. He died within five minutes without regaining consciousness. Sievert Anderson, the fireman, jumped before the crash came and saved his life. A mistake in signals is said to have been the cause of the accident.

Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless help to prepare the system for baby's coming, and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

"Delicate, nervous, weak women, who suffer from frequent headaches, back-ache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs from weakness of parts will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native medicinal roots without a drop of alcohol in its make-up. All its ingredients printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of woman's peculiar weaknesses and ailments.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

All Boiler Makers on Ten or Twelve Roads in Northwest are Out on Strike

Like a thunder clap from a clear sky came the announcement that all the boiler makers, their helpers and apprentices walked out of the shops at 8 o'clock this morning. They went out under telegraphic orders from St. Paul, where a committee has been for some time in consultation with the management of the road, or rather, committees from the boiler makers of all the northwestern roads have been in consultation with the management of the roads. The order was general and it is said that there is not a union boiler-maker working in a railroad shop between Chicago and the Pacific coast.

There are between eighty and a hundred men affected in Brainerd. Four boiler makers and several helpers in Staples are out. The boiler makers have been getting 38 cents per hour and working ten hours per day and demanded 45 cents per hour and 9 hours per day. The railroads offered 41 1/2 cents per hour and a nine hour day but the boiler makers refused it and walked out. The helpers demanded, through the boiler makers, a corresponding raise, as did the apprentices, and all walked out.

Officials at the shops had little to say regarding the situation, beyond expressing relief that it was a general clash, rather than anything growing out of local conditions. There is a great variety of opinion regarding the duration of the strike, the boiler makers predicting an early victory, while others look for a long and bitter fight before either side yields. There will be no reduction of force in other lines at the shops for the present as shop order work, finished work and the like can go on without the boiler makers. There can be little more than temporary engine work done however while they are out.

No action has been made so far as can be learned in the way of getting other men and it is understood no action will be taken locally. It is up to the management of the road and the officials of the union and no local complications or ill feeling are expected as the relations between the men and the local officials have always been the most cordial.

The Touch That Heals

Is the touch of Bucklin's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is, this Salve will cure it. For burns, scalds, cuts, wounds or piles, it has no equal. Guaranteed by H. P. Dunn & Co. druggist, 25c.

REAL ESTATE MOVING

There Have Been Several Sales of Residence Property the Past Few Days in This City

Brainerd real estate is becoming more active than for several years.

J. J. Nolan yesterday purchased of M. J. Reilly the Bradbury property on North Fourth street, paying \$1,500 for the same.

R. F. Walters has sold two of his houses on Kindred street. One was purchased by Geo. F. Foster, for a residence for himself and bride, while the other was bought by Albert Angel as a speculation. The consideration has not been made public in either case.

MUSIC AND DRAMA

Coming Attractions

Sept. 14—A Messenger from Mars.
Sept. 16—The Choir Singer.
Sept. 25—Raffles.
Sept. 30—Sousa's band, Matinee only.
"The Choir Singer"

One of the most successful productions of the present theatrical season is "The Choir Singer" which is given the sub-title by its author, Carroll Fleming, of "A Play With Songs," music being a special feature in which it is said has been an important factor in establishing the play so firmly in the affections of the crowds which have thronged to see it in all the larger eastern cities. "The Choir Singer" with its original cast and elaborate scenic equipment will be seen in this city Monday, Sept. 16. Popular (?) price prevail for this engagement. Parquet 75, circle 50c, balcony 50c gallery 25c.

"A Message From Mars" Tonight

It does not require the scientific wisdom of an astronomer to point out the humor that abounds in the comedy-drama, "A Message From Mars," although the chief text of the play relates to the visit of an inhabitant from the planet of Mars to the earth for the purpose of transforming, as it were, the most selfish man found on this planet to that of one who is made to see the error of his ways and is disposed to show a generous heart toward those less fortunate than himself. "A Message From Mars" is the product of Richard Ganthony, who for several years was a well-known newspaper writer in various cities throughout the country principally in the west and south. When presented here upon a former occasion it proved so entertaining and attractive that theatregoers are still talking about it. It will be presented by a good company at the opera house tonight.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

JUDICIAL DITCH HEARING

Judge McClenahan Holding Hearing in Aitkin-Crow Wing Judicial Ditch Today

Judge McClenahan is engaged today in a hearing on the judicial ditch in Aitkin and Crow Wing counties. There have been one or more previous hearings and the ditch is being bitterly fought, both pro and con, by some of the residents of Rabbit lake in this county and Aitkin county residents and property owners just over the line east. The most of the day has been occupied by the hearing of the testimony and it is doubtful if a decision is handed down tonight, even if the hearing is completed.

BOY KILLED BY LIGHTNING

Fifteen Year Old Son of Ed. Holt Killed While Asleep in Bed With Brothers

ONE BROTHER WAS INJURED

Barn Belonging to Fred Krekiau, of Daggett Brook, Burned—Other Damage Done

Clarence W. Holt, the fifteen year old son of Ed. Holt, of the town of Platt Lake, was killed by lightning yesterday morning. He was sleeping in bed with two brothers and was lying next the wall of the house when a bolt of lightning struck the gable. It ran down the wall killing him instantly and burning his brother slightly. The location is far from telephonic or railroad communication and nothing was learned of the accident until Mr. Holt arrived in the city last evening after a coffin. He will be buried there.

A barn owned by Fred Krekiau, section 22 Daggett Brook, was destroyed by fire caused by lightning during the same storm and at the home of Louis Albert a shade tree was badly wrecked so close to the house that it gave the inmates a severe scare.

TAFT'S DEPARTURE DELAYED

Steamship Minnesota Sails Nearly Three Days Behind Schedule Time.

Seattle, Wash., Sept. 14.—When the steamship Minnesota of the Great Northern Steamship company pulled out from the dock at Smith's Cove Friday having on board Secretary of War William H. Taft, Ambassador to Japan Thomas J. O'Brien, Peter Augustus Jay, first secretary of the embassy to Tokio, Commissioners Thomas Burke and M. F. Backus of the Yukon-Pacific exposition, as well as other less prominent persons, she was exactly sixty-eight hours or nearly three days behind her schedule time.

Mechanics had to be employed on the electrical steering apparatus of the Minnesota until a late hour Thursday night while coal was stowed away in the bunkers of the Minnesota until long after midnight. While all this was going on, the passengers and their friends had no definite idea and no official statement was made as to the hour of the Minnesota's probable departure. C. C. Lacey, marine superintendent of the steamship company, accompanied the ship as far as Port Townsend, evidently to see that the steering apparatus is in the best of order before the ship takes to the ocean.

Secretary Taft boarded the Minnesota Thursday at 11 o'clock. He confidently expected to sail at noon. At that hour the quartermaster aboard the ship hung out the sign "Ship sails at 1 p. m."

A little later the announcement was made that the Minnesota would sail at 3 p. m. and signs were posted on all the gang-planks to that effect. Passengers were ordered aboard and every preparation was made for sailing.

Meantime mechanics were working on the electric steering apparatus and it came about that when the leviathan of the Hill company finally started toward the Orient, it was Friday, the thirteenth of the ninth month.

JAPAN DOES NOT WANT WAR

Ambassador Wright Says Country Is Burdened With Debt.

Washington, Sept. 14.—"Not even respectable nonsense" was the way Former Ambassador Luke Wright, who has just returned from Tokio, characterized war talk between the United States and Japan. The former ambassador had a long talk with Acting Secretary of State Adee, having called to close his official connection with the department.

Governor Wright was in Japan when the announcement was made that the Atlantic fleet would be transferred to the Pacific coast. He said that the voyage of the Atlantic fleet did not stir official circles in Japan to adverse comment as it was understood that the interests of the United States in Pacific waters made it natural for this government to transfer a part of its naval force there. The San Francisco incident was not so peaceably viewed, Mr. Wright said, as the action of the school board in San Francisco was of an official character.

"But Japan does not want a war with the United States, nor with any nation," declared Mr. Wright. "The country is burdened with debt and heavy taxation, which has been increased since the war with Russia. Further, she has Korea on her hands and that is no easy problem. China, too, demands her attention. Besides, Japan looks upon the United States as her best friend. She always has so regarded this country."

Desperate Battle With Knives.

San Francisco, Sept. 14.—One hundred and fifty Japanese and Chinese cannery hands engaged in a desperate battle with knives on the high seas during the voyage of the bark Electra to this port from Nushagak, Alaska. The encounter terminated only after more than a dozen of the contestants had been wounded and as many more placed in irons.

AWAIT THE ENGINEER'S REPORT

Work on Roads Awaiting Promised Visit of Engineer Cooley to Furnish Plans

The several county auditors of the state of Minnesota have received a communication from State Engineer Cooley, of the Highway commission, stating that they will be allowed from the state funds half the amount expended by them in permanent improvement of any state road. In connection therewith Auditor Smart states that the board of county commissioners of Crow Wing county has appropriated \$2,400 for such purposes, half to be expended on the load leading to Aitkin county and half on the road leading to Morrison county. It is understood that the work on the latter road will be done on the black grade which has caused so much trouble in the past. Mr. Cooley has promised to come up and prepare specifications and plans for the work on these roads and the road supervisor is anxiously awaiting his coming.

Health in the Canal Zone

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by H. P. Dunn & Co druggists. 50c.

INDIANS DIVORCED

Couple of Chippewas Getting Civilized Customs Very Rapidly and Seek Separation

SPECIAL TO THE DISPATCH. Bemidji, Minn., Sept. 13.—Marshall A. Spooner, judge of the Fifteenth judicial district, has granted an absolute divorce to Peter Bonga from his wife, Elizabeth Bonga, otherwise known as Mahkoonce.

The decree of divorce is a unique one, in that both parties are full-blooded Chippewa Indians, and it is said that the proceedings are the first ever recorded among the Indian tribes of Minnesota. According to the decree, the plaintiff instituted proceedings for divorce from the defendant at Walker last April. Both are members of the Chippewa band of Leech Lake Indians.

Peter Bonga is 60 years of age, while his wife is 40. They were married on the Leech Lake Chippewa reservation in Minnesota in 1882, and lived together until the defendant deserted the plaintiff in September, 1905. The marriage between plaintiff and defendant was in accordance with the customs and usages of the Chippewa tribe of Indians.

Continue Their Holiday.

Helsingfors, Sept. 14.—Contrary to expectations, the members of the imperial family who were on the yacht Standart when she ran on the rocks off Horseo Sept. 11, have decided to continue their holiday. They started Friday on the imperial yacht Alexandra up the rock-strewn waters of Rila bay.

BETTER THAN SPANKING

Spanking does not cure children of bed wetting. If it did there would be few children that would do it. There is a constitutional cause for this. Mrs. M. Summers, box 426, South Bend, Ind., will send her home treatment to any mother. She asks no money. Write her today if your children trouble you in this way. Don't blame the child. The chances are it can't help it.

CONTEST

A Magnificent Success

Churches, Schools and Individuals Entered Everywhere

Tremendous Interest Aroused by

The Great Magnitude of the Prizes

NOW IS THE TIME TO GATHER IN THE VOTES

Don't Argue, Don't Infer, Get Busy and Get an Early Start

Never before in the history of voting contests have the people been awakened as they are now. The interest in the great contest is sweeping over four states like a tidal wave. Every day adds new towns and villages as contestants in the great race and in another week we believe that every city and village will have its favorite candidates. ¶ The people have responded magnificently. Churches, schools and many of their popular people have already been nominated. Many of these contestants already have a good start, and in many cases there seems to be concentrated effort of certain ones to win, as is evidenced by the fact that each day additional votes are placed to their credit.

We are asked many times why we do not give the names of contestants at the beginning. We will say that we believe that by keeping these names back, the interest becomes more acute and everyone will work harder. We now propose; in the course of probably one week, to publish the names of all contestants but will not give the number of votes each contestant has received, for possibly two or three weeks longer. This will give every contestant an equal chance. That is, the ones having the lowest number of votes will work as hard as ones having the highest number, as neither will know the number of votes the other has.
